WGME Terry Cole 1335 Washington Avenue Portland, ME 04103

May 10, 2007

Dear Terry,

On behalf of the staff and Board of Trustees of the Mount Washington Observatory, thank you! Our recent fundraiser, held at the Portland Museum of Art, was a great success, and your donation was a significant part of that!

An Evening on Mount Washington brought in just under \$30,000 to the Observatory, which we plan to utilize to add two new science exhibits to our existing Weather Discovery Center in North Conway Village.

Thank you for including us in your charitable contributions and best wishes for a prosperous summer season.

Best regards.

Karen Hemeon

Development Assistant

Please accept this letter as an acknowledgement that the Observatory received your gift and that we provided no goods or services in exchange for this donation.

Mary,

Thanks for the note about our website. We do not have an agreement with any search engine companies, so are unable to put an internet search engine on the site. It is a good suiggestion, however, and something we should look at as we improve the site in the future.

Hello Betsy, Dave and Doug;

My name is Jean Baptiste, one of the COM 280 students from USM who came at your work place last night. I would like to thank you for your contribution on helping me understanding more and more about what I learned during this Spring class with Julie. She has been a wonderful instructor, but it was also a great pleasure meeting more knowledgeable people like you. Thank you very much. Jean B.

Hey Betsy,

Thank you so much for taking time out of you day yesterday to meet with my Communication class. I had a great time. I learned a lot of interesting things for you that I never knew. It was wicked nice to see how everything comes together. Thank you so much!

Hi Betsy,

I just wanted to say thanks so much for the tour and all the info Monday night. It was really interesting and I enjoyed seeing the behind the scenes of the nightly news. A lot goes into running a television station! Well, good luck with the FCC and the new regulations. Hopefully it will all work out. Thanks again, Sarah Perkins

Dear Mrs. Bean,

Thank you very much for Job shadowing me last Thursday & Friday. I enjoyed my visit to wome very much Everyone was very welcoming & seemed excited & energised to inform me about everything in the station.

On both Thursday + Friday I enjoyed watching the news from the control station. It was also interesting + fun to put together the promo. tape + watch it come together in one day. The news meeting on Friday was fun to listen in on + see how a show was put together.

Again, thank you for providing me the opportunity to job shadow you & learn more about WGME 13.

> Sincerely, Ginny Petrovek

Dear Mr. Cartwright,

Thank you so much for your generous donation of tickets to the Harlem Globetrotters event! We have had a very positive response from our mentors, and those who are attending are really looking forward to the show. We are so grateful for your personal support, and the ongoing support of WGME 13, which is helping us to provide such fun activities for youth in mentor programs across the state.

Sincerely,

Mr. Alan Cartwright **WGME 13** 1335 Washington Ave. Portland, ME 04103

Dear Mr. Cartwright:

As student members of the Pathway Partners School-Community Mentoring Program, we attended the Harlem Globetrotter's Lewiston show on Monday night. It was a great display of talent and showmanship and some of us imagined performing the same feats on our own high school basketball courts. We were able to obtain team autographs after the show and some players actually gave us their headbands and wristbands! Along with our mentors, we really had a wonderful evening.

We would like to take this opportunity to thank you for making this evening possible. We appreciate your donation of the tickets and your continuing support of mentoring in Maine. The benefits are rich – ask any one of us! Jan Cope Kem J Man

Ms. Betsy Bean WGME News 13 1335 Washington Ave Portland, ME 04103

Dear Ms. Bean,

The Portland Symphony's Portuguese Wine Tasting and Culinary Celebration was a wonderful evening of fun, great food and wine, and friendship. A true measure of how our community appreciates its Symphony is the support and belief you demonstrated through your donation of a special behind the scenes tour of WGME News13. Our silent and live auctions helped us raise over \$68,000 to support great music and valuable education to children and adults.

The bidding was very active, with people marveling at the variety of items, places to go and unique opportunities not found in traditional venues. So many items surpassed our expectations adding to the successful auctions. In no small part, you are part of this accomplishment.

On behalf of the Board of Directors, my colleagues on the Wine Challenge committee, and our talented musicians, thank you very much for your thoughtful and generous support!

Appreeiatively,

Douglas J./Fair

The Scarborough Middle School Math Science Mentorship

April 24, 2006

Dear Sarah Long:

report.

We would all like to thank you for an awesome morning spent learning about news production and weather and for letting our middle school students spend a day at WGME. It is very clear you love your work and especially afterward when they got to see the weather office and learn about meteorology, how to construct a weather forecast, and broadcasting the report. Thank you also for letting each girl try out the weather wall and providing each student a memorable chance at giving a weather

None of us were aware how much science there is to the news and weather. Again our thanks go to all of the staff at WGME who certainly live up to their motto: "... to make an outstanding and ongoing confubution to the communities we serve; striving to exceed the expectations of our audiences, stakeholders, and customers ..." No one ever expected such a thorough and informative visit, and the girls certainly didn't expect to see themselves on TV! It was a wonderful day.

We thank you for helping with our Math/Science Mentorship program at Scarborough Middle School and for all your time and teaching skill. WGME is a special place and we truly appreciate yours and everyone's efforts on our behalf.

Sincerely,

Students of Scarborough Middle School

Mr. Terry Cole General Manager WGME-TV 1335 Washington Avenue Portland, ME 04103

Dear Terry:

As we begin the New Year, I take a moment to give thanks for our many blessings – and especially for the support MDA is receiving from you and WGME-TV.

Thanks to that support, we're not only seeing greater hope for the future for those with neuromuscular diseases due to the significant advances in our research efforts, but also greater help today through our health care services program.

May 2007 be a memorable year for you!

Warmest wishes for a most happy, healthy and successful New Year.

Sincerely,

ĠĊW·vt

September 12, 2006

Terry Cole WGME 13 1335 Washington Ave, Suite 2 Portland, ME 04103

Dear Terry,

I would like to take a moment to update you on the success of this year's 2006 Barbara Bush Children's Hospital Open. It was with your participation and support that we raised \$110,161, surpassing our original goal of \$100,000 and increasing the amount raised from last year's event by 25%!

Maine children truly benefit from the funds generated by your participation. Community support is crucial to our ability to provide the state-of-the-art, quality medical care that the children of Maine need and deserve. These funds help to ensure that these children can find and receive quality care — close to home.

Again, thank you for your support. The 2007 Open Committee will be meeting later this month to determine the dates for next year's Auction & Summer Soirée and Golf Tournament. We hope you will join us next summer for these fabulous fundraising events which help us provide the best care possible for Maine's children.

THANK YM

Dear Mr. Cartwright,

We would like to thank you for the tickets to see the Harlem Globetrotters. We really appreciate you doing that for us. Some of our favorite parts were when they Slam-dunked the ball, when one of the players kept telling jokes, and when there were acrobatic men climbing and standing on each other to make different structures and patterns with their bradies. It was an enjoyable experience and we would like tothank you again for the tickets.
